

Sunday, September 8

4:00 PM	Check-in at Rosewood Miramar
6:00 PM	Welcome Reception & Dinner, <i>Event Lawn</i>

Monday, September 9

7:30 AM – 8:00 AM	Buffet Breakfast, Chandelier Ballroom I
8:00 AM – 8:10 PM	Welcome/Introduction Pete Briger/ Peter Fenton
8:10 AM – 8:20 AM	Focus on Immunotherapy John Connolly
8:20 AM – 9:50 AM	Vaccines Public & Private <ol style="list-style-type: none"> 1. Nina Bhardwaj – Review of vaccine protocol and adjuvant strategies 2. Will Gibson/Roy de Souza – Public Vaccines: Identity of target antigens for effective anti-tumor immunity <ol style="list-style-type: none"> a. Differential expression b. Vaccine composition and schedule 3. Private Vaccines <ol style="list-style-type: none"> a. Bob Schreiber – NeoAg vaccines: Priming successful anti-tumor immunity b. Steve Schoenberger – The targets the immune system sees c. Hannah Carter – NeoAg identification d. Nina Bhardwaj – The vaccine composition: Adjuvants, Antigenes and Activity 4. Nina Bhardwaj/Bob Schreiber – Boosting <ol style="list-style-type: none"> a. Vaccine composition: mRNA vs peptide b. Go/no-go criteria

9:50 AM – 10:20 AM

Strategic Discussion Vaccines
Vaccine Implementation Plan
Execution Timelines

10:20 AM – 10:30 AM	Break
10:30 AM – 12:00 PM	Immuno monitoring biomarker tracking breadth & durability <ol style="list-style-type: none"> 1. Will Gibson – Tumor (Natera/Foresite) <ol style="list-style-type: none"> a. Nucleic acid biomarkers, CTDNA

2. Immune Response
 - a. John Connolly – Comprehensive immune phenotyping, an integrated approach
 - b. Evan Newell – Profiling tumor specific T-cell responses
 - c. Miranda Steele – TCR diversity profiling
3. Miranda Steele/John Connolly – Tumor antigen specific B cell responses

12:00 PM – 12:30 PM

Strategic Discussion Monitoring
Monitoring Strategy
Execution Timelines

12:30 PM – 1:30PM

Lunch

1:30PM – 2:30 PM

TCR-T & ETC Therapy

1. Cassian Yee – Enhancing anti-tumor immunity through ETC Therapy
2. Steve Schoenberger/Evan Newell/Dirk Jeager – TCR identification for cellular immunotherapy

2:30 PM – 3:00 PM

Strategic Discussion TC R-T & ETC Therapy
Endogenous T-Cell Therapeutic Strategy
Execution Timelines

3:00 PM – 3:15 PM

Break

3:15 PM – 4:15 PM

CAR-T Therapies

1. Max Krummel/Will Gibson – Target identification
2. Kole Roybal – CAR-T Therapy

4:15 PM – 4:45 PM

Strategic Discussion CAR-T Therapies
CAR-T Therapeutic Strategy
Execution Timelines

4:45 PM – 5:00 PM

Closing Remarks
